

WATTMETER WD2250B

Features

Battery operation
Battery saver with auto shutdown
Simple to connect and operate
Single and three phase balanced measurements
Accuracy better than 2% at the full voltage and current scales

Specification

Current ranges	0.1A, 0.5A, 1A, 5A
Voltage ranges	3V, 15V, 30V 240V,450V
Power measurement	0.3W~2250W
Frequency Range	0 ~ 3kHz
LCD Display	3 ½ digits
Dimensions	235 x 75 x 170
Weight	0.6kg
